**SUBJECT: OTR Activities**

(2) Approximately 100 Agency personnel are attending the weekly Current Intelligence Briefing. Although personnel in attendance are from the three major components, the majority of the people are assigned in DD/S offices.

(3) The Support Exhibit held during the month was visited by approximately 225 Agency visitors.

(4) The Intelligence Products Exhibit held during the month was visited by a large number of personnel in addition to Agency people. One hundred were from NSA and approximately thirty from the Department of State and the Department of Army.

(5) The final tally of registration for the Fall Trimester of the Voluntary Language Training Program is 343 students in fifty-four classes, studying sixteen languages. Thirty of these classes are conducted before working hours and twenty-four after working hours. Thirteen students are studying Arabic; four, Armenian; twenty-three, Chinese; four, Czech; three, Finnish; four, Greek; six, Japanese; two, Persian, nine, Polish; six, Swahili; and three, Turkish. The more popular languages have eighty-eight students studying German; eighty-four, French; fifty-seven, Russian; twenty-two, Spanish; and fifteen, Italian.

(6) Instruction in intensive Russian and Japanese have been canceled. There were only two students in Russian and none in Japanese. The two Russian students have been sent to the Foreign Service Institute. Instruction in intensive Chinese has begun. Only two students are registered, but the class is being conducted because of the vast superiority of the OTR course over the FSI course.

**c. Monthly Enrollment**

During the month of September 712 persons were enrolled in OTR conducted courses.
